THE AMERICAN'S CREED

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity, for which American patriots sacrificed their lives and fortunes. I, therefore, believe it is my duty to my country to love it, to support its Constitution, to obey its laws, to respect its Flag, and to defend it against all enemies."—William Tyler Page.

Whereas, a United States DeSoto Expedition Commission has been appointed, with Dr. John R. Swanton, of Smithsonian Institute, Washington, D. C., as chairman, and Miss Caroline Dormon, of Chestnut, La., as a member of this commission, and

Moved by Mrs. Rew, and seconded, that the above resolutions be adopted. Carried.

It was moved by Mrs. Wallis that this Conference write letters to Speaker of the House Bankhead, and President of the Senate and Vice-President of the United States Garner to support the resolution presented

by Senator Overton, asking the United States to give $30,000 for a statue of President Zachary Taylor, to be placed in Washington, D. C., on Louisiana Avenue. Seconded and carried.

Mrs. Wallis, Chairman of the Courtesy Committee, brought the following report:

Be it resolved that the 29th Annual Conference of the Louisiana Daughters of the American Revolution, assembled in Tallulah, give thanks and deep appreciation to the following: Our Vice-President General, Mrs. J. Mrs. Seymour, Chairman of the Membership Committee, brought the following report: The Committee on Membership has examined the reports of the State Registrar and State Treasurer and have prepared the following report, using the figures as reported by the chapters. We were officially informed as to the proper method of figuring the percentage showing the increase in membership from October 1, 1936 to March 1, 1937. The increase in membership from October 1st to March 1st was divided by the October membership. The results are as follows: Abram Morehouse, membership October 1st, 14; March 1st, 17; increase, 3; percentage, 21. Spirit of '76, membership October 1st, 121; March 1st, 137; increase, 16; percentage increase, 14; Caddo, membership October 1st, 37; March 1st, 42; increase, 5; percentage, 13.

Mrs. Burleigh, chairman of the publicity committee, made a verbal report that publicity of the conference was being sent to the local papers, and to New Orleans, Monroe and Vicksburg.

The conference recessed to permit the writing of the minutes of the afternoon session, during which time it was entertained by Mrs. Bailey and the Tallulah Choral Club.

The secretary returned to the conference and read the minutes of the afternoon session. The State Regent asked if there were any corrections and Mrs. Wallis requested that her resolution be corrected to include the names mentioned in the written resolution. The secretary noted the correction. There being no further corrections, the minutes were adopted as corrected.

Mrs. Price moved that the Conference adjourn; seconded and carried.

REPORTS OF STATE OFFICERS

STATE REGENT'S REPORT.

It is with a feeling of deep pleasure and satisfaction that I come to you with my first report as your State Regent. As I have requested all Daughters submitting reports to this Conference to be brief, I am doing likewise, and so cannot give in detail an account of the many delightful social courtesies which have been shown me, but I wish each Daughter and chapter to know that these attentions were deeply appreciated and are recorded in my diary for remembrance. I want to thank each Daughter for the generous giving of herself and the whole-hearted response of the chapters to my suggestions.

My first official duty was to attend a meeting of the National Board, then home to work, and a part of each day since has been spent thus. I have traveled over the state visiting the chapters and also the regents, state officers and state chairmen and have kept in touch with them all through the more than 700 pieces of mail which I personally wrote.

Early in the fall, I visited the chapters in the southern part of the state and completed the swing around the state last month. Addresses were made on D A R work, particularly on youth activities and National Defense.

Courtesies have been shown our organization through invitations to me from various clubs and patriotic bodies and your Regent has been asked to serve on the Shreveport Committee for observance of the Sesquicentennial of the Constitution.

At our State Board meeting in September, I asked for particular co-operation in two projects, the establishment of the first State Student Loan Fund in Louisiana and a broadening of our Good Citizenship Pilgrimage work as special youth projects. Both were loyally done. The State Student Loan Fund is now a fact and will be operating soon, and the promises for increase another year are heartening. The Good Citizenship Pilgrimage project gave medals to 27 students from whom a winner was selected for the trip to Washington. I chaperoned our Good Citizenship Pilgrimage last spring to Washington and had the pleasure of presenting several medals at the close of the year.

Another move was instituted in the state which is bearing fruit, and that was the giving of a prize for increase in membership. This will be repeated next year and I hope the response will be even greater. The request to shorten all reports so that we will not have to spend the greater part of the State's income on the publication of yearbook has been splendidly complied with.

Let me bespeak your continued earnest co-operation and loyalty so that the influence and work and worth of the Louisiana Daughters may be known in every hamlet in the state.

OLIVEA MATHER LACEY.

FIRST VICE-REGENT.

I have responded to any requests made of me, but have not been called on for active duty, as the efficiency of our State Regent left nothing to be done.

CAROLINE MERRILL FLOWER.

* * *

SECOND VICE-REGENT.

To the State Regent and Members of the State Conference, Greetings:

It has been with the maximum pleasure and the minimum of effort that I have served in this capacity for the past year.

I attended the state board meeting in Alexandria in September and gave an informal report at that time. In August I represented the State Regent at the annual convention of the American Legion Auxiliary in New Orleans and brought greetings from our organization. In October I attended and addressed the annual banquet of the Bayou Boef Chapter in Bunkie.

Attractive yearbooks from several of the chapters have come to me. I have had invitations to visit chapters, but previous engagements or other circumstances have prevented.

National Defense was my subject when I addressed the joint meeting of the American Legion and the Auxiliary at their banquet in connection with their annual meeting in Lafayette in February.

It has been with hearty pleasure that I have served this year and it is my sincere wish that our organization will continue its splendid growth and service.

(Mrs. R. H.) GRACE B. AGATE.

CHAPLAIN.

As your Chaplain, I submit this report:

Circumstances prevented my attending the State Board meetings.

The correspondence of my office has been kept up-to-date.

I wish to express my thanks and sincere appreciation to the officers and chapter regents for their co-operation.

May this Conference be an inspiration to all of us.

FLORA E. BOWERS.

CORRESPONDING SECRETARY.

I have enjoyed the privilege of serving as Corresponding Secretary under the able leadership of Mrs. Lacey.

It was a pleasure to send notices of the Board Meeting and State Conference.

Our State Regent has been very considerate in regard to my duties.

(Mrs. C. B.) VIVIEN BLACKMAN TURNER.

HISTORIAN.

Enclosed herewith is the State Historian's report on the historical activities of D A R chapters in Louisiana. Nine out of 25 D A R chapters have sent in their reports and some are still coming in. Earlier in the season I wrote a personal letter to each chapter historian, suggesting the type of historical work N. S. D. A. R. would like, and enclosed therewith a letter from the N. S. D. A. R. Historian General. Most of the letters reached the chapter historians, who co-operated splendidly with both their State Historian and their Historian General, following the said suggestions.

Baton Rouge Chapter Historian reports: Six programs on history subjects; one float; two history contests, with prizes awarded; one history reading group giving papers on Louisiana at each meeting; observation of all historic anniversaries, especially that of the Statue of Liberty, both over the radio and a pageant on the subject that was attended by 200 people; co-operation in an effort to preserve old State Capitol and City Market Buildings, in Baton Rouge; copied cemetery records; planted 80 live oak trees on drive leading to Louisiana State University, one tree for each member of the chapter, to comemorate sesqui-centennial of the signing of the Constitution; planted one live oak tree on Baton Rouge High School grounds; two live oak trees near the Old Arsenal, dedicated to George and Martha Washington, celebrating their centennial, planted on the New Capitol grounds and marked with bronze tablets set in granite; one elm, an off-sprout of the original root certified to be the great-grandchild of the famous Washington Elm of Boston, Mass., was planted on the New Capitol grounds, and was presented by the Maryland State Organization.

Bon Chasse Chapter, D A R, reports three programs on history subjects; three historic anniversaries observed; one history scrap-book to be sent to Washington; six medals awarded for good citizenship; programs on Statue of Liberty; contribution to Surrender Room of Moore House, Yorktown, Va.; in meetings stressed Home, Religion and Peace.

Calcasieu Chapter, D A R, reports four D A R official markers placed; history scrap book; six history maps made; contribution towards Surrender Room of Moore House, Yorktown, Va.; sent high school student on Good Citizenship Pilgrimage to Washington; stressed lines on local history.

Caddo Chapter reports several "Know Louisiana" programs; observed Flag Day, July Fourth, the Battle of New Orleans Anniversary, and the anniversary of the Battle of February 22d; celebrated City Centennial (Shreveport), co-operating with Pelican and Shreveport Chapters, with a lovely float, called The Constitution, in a parade; read four books on historical subjects; located and marked historic sites: Fort Jessup, where Zachary Taylor was quartered; three bronze markers placed; celebrated anniversary of the Statue of Liberty with picture, lecture and material gathered with assistance of pupils of Centenary College; Chapter Membership visited historic battle grounds of Fort Miro, Monroe, La., and Fort Jessup, as well as Battle Grounds near Baton Rouge and New Orleans; worked with other communities in presenting a lovely Flag to grade school as prize for essay, "What My Flag Means to Me;" reports Marriage and Birth Certificates, Land Grants, Territorial Records in the Court House at Natchitoches, La.

Galvez Chapter reports programs on history subjects; two history anniversaries observed; three history contests with cash prizes awarded; community celebrated its centennial with chapter members taking part in pageant; one historic exhibit; one town marker to be placed at St. Martinville; two medals awarded for historical contest; celebrated the anniversary of the Statue of Liberty with poem recitation.

General William Carroll Chapter reports historical subjects discussed at almost every meeting; historic anniversaries observed, both National

and State, with programs and displaying the Flag; one play; co-operated with other groups in the study of Louisiana and historic subjects; one paper on historic parish history; celebrated anniversary of Statue of Liberty with display of Flag and program; celebrated Chapter Birthday and State Birthday; records from 1832 up to date are to be found in the Parish Court House and the East Carroll Parish Court House ("Parish" means "County"), as well as in the Land Grant Office.

Shreveport 1776-1908 Chapter reports bronze marker placed on graves of Revolutionary Soldier; one bronze tablet in Shreveport Memorial Library for World War Veterans; $2' towards marker for Fort Miro, Monroe; contribution to Surrende Room of Moore House, Yorktown, Va. two bronze markers on graves of Honorary State Regents.

"Spirit of '76" Chapter reports four programs on historical subjects; one play; celebrations of Washington's Birthday and the Battle of New Orleans anniversaries; six medals awarded for Good Citizenship; contribution to Surrender Room of Moore House, in Yorktown, Va.; the American Flag and a copy of the American Creed presented to all aliens becoming naturalized citizens of the United States of America; local history emphasized in the year's work, and the Flag of the Colonial C A R Chapter to be presented in April to newly organized Boy Scout Troops.

Mrs. H. GRADY PRICE.

CORRECT USE OF FLAG.

As State Chairman, I received from the National Chairman, Mrs. Vivian Lewis Sigman, suggestions as to the work that could be done this year covering correct use of the Flag. These suggestions were received in the early summer. During the first week of August these suggestions were incorporated in a letter, which was mailed to all Chapter Chairmen, whose names were furnished me by our State Regent, and where no Chapter Chairman was named, these suggestions were mailed to the Chapter Regents. In all 25 were mailed. I did this early, so as each Chapter Chairman would be able to arrange her work early and have one program appear in the year book. Another letter was written in January urging each Chapter Chairman to send in her report of work done. On February 2nd mailed questionnaire on work done for the year.

I am happy to say nearly all chapters responded, that chapters use the Flag, giving the salute to same on opening and all members know the salute. Thousands of leaflets and codes have been distributed. What a small chapter may do was exemplified in the report of the Moses Shelby Chapter, at Lake Providence. Their drive was on the correct use of the Flag, for the year. The Chairman made several addresses on the History and Correct Use of the Flag, and as a result all the patriotic organizations co-operated and they placed framed Flag Codes in every room in the schools of East Carroll Parish, both white and colored, 38 placed. The teachers were asked to focus the attention of the children on the code by some patriotic program, and framed pictures were given the teachers to use as prizes. A flag code leaflet was given each teacher. The merchants of the town and citizensall co-oprated in this.

The correct use of the Flag lessons from D A R Magazines were used at chapter meetings. The New Orleans Chapter reported 100 per cent possessing flag codes, 100 per cent membership owning Flags, also placing in the schools of New Orleans framed flag codes and History of the Flag.

I was invited by the Amite and Hammond Chapters to visit them, which I did. I also attended a Court of Honor of the Boy Scouts and had the honor of making a talk and urging the correct use of the Flag and presenting one of our hand books, The History of Our Flag and its correct use. I also spoke in several high schools on History and Correct Use of the Flag. I was invited to speak before the teachers of our parish—about 50 in number.

I urged the several chairmen of Correct Use of the Flag, where some were close enough together, to put on a program in observance of Flag Day, June 14th.

Mrs. C. L. ROSS.

CONSERVATION AND THRIFT.

Abram Morehouse Chapter reports that they have practiced conservation themselves and urged others to do so. They have protected especially fine and old trees, and have planted flowers, trees and shrubs.

We have interested our Representative in the Yosemite National Park Project, and he is taking all steps possible toward the passage of this bill and is urging our State Senators to do so.

The Moses Shelby Chapter has sponsored the planting of: Forty-two shrubs, 14 trees, 15 red buds, 48 roses, 50 iris and 425 bulbs, and plan to carry on this work throughout the coming year.

New Iberia Chapter reports as follows: All members have contributed to Red Cross and Community Library. Members have planted shrubs and trees. One member planting 125 gladiolis. Articles of clothing given to needy school children, and a large number of magazines have been distributed.

Tallulah Chapter reports the planting of 200 rose bushes, five pecan trees, five live oaks, 30 pine trees, four cedars, four Japanese persimmons, 100 privet hedge plants, two sassafras, 50 wild orange, two red bud trees, 10 shade trees, 50 fruit trees, 15 crepe myrtles, 15 altheas, two figs, 50 shrubs, 12 peonies, 70 legristrum, 500 bulbs and 300 perennials.

The William Carroll Chapter reports that they are co-operating with other organizations in giving aid to the needy and distressed. Offered prizes and medals for work, encouraging scholarship, co-operated in buying glasses for children with defective eyesight. Given to Red Cross, Flood Relief and published articles on conservation. Had chapter programs on this, and planted shrubs and trees and urging conservation of native iris, birds and trees, and scattered flower seeds along the highway.

The Baton Rouge Chapter has aided flood sufferers and other needy people, contributed to all charitable organizations, placed magazines and books in school libraries, contributed to Scholarship Loan Fund, and a scholarship for a business course was awarded a local student. Other students are being assisted through college by individual members.

An avenue of live oaks has been planted on Dalrymple Drive. This was dedicated with appropriate ceremony. Bird study has been developed and the children of the C. A. R. have co-operated in this study through speeches in the schools. Other programs have been given on this phase of conservation. They have planted, by individual endeavor, 550 trees and 397 shrubs.

The remaining chapters have sent no report at all, in spite of my letter in the fall uring that they do so.

Mrs. PHILLIP B. WATSON.

MANUALS.

For the year 1936-1937 I have ordered, through me, seven hundred and eight-two (782) Manuals.

English	435	Russian	2
French	36	Swedish	8
Italian	85	Chinese	6
Spanish	159	Japanese	4
Norweigan	12	Danish	11
German	21	Flemish	3

There are twenty-five (25) chapters in the state, and five (5) ordered manuals. Seven (7) answered my questions, stating they paid their quota to the National Society. A large number have no place to distribute these manuals. All chapters ordering manuals, stated they were of great benefit, especially to the night schools and Naturalization Courts.

The manuals ordered went to schools, night schools, high schools and college libraries, Seaman's Church Institute, Seaman's Bethel, Naturalization Courts, public libraries and Foreign Conculs.

I feel this is a splendid work that should be continued.

GEORGE R. BEARD.

MUSEUM.

General William Carroll Chapter sent two water bottles of ancient Indian pottery to the D A R Museum at Washington to be placed in the new case given for these relics by Mrs. John Francis Weinmann, National Vice-Chairman of D A R Museum, Southwestern States Division.

The custodian of the Museum said they were very beautiful against the light silk background and were the first to be placed in the case.

ELLIS ISLAND.

Due to the serious illness of the National Chairman of Ellis Island, Mrs. Robert E. Merwin, your State Chairman was late in communicating with the various chapters in the state. Mrs. Merwin later resigned and her place was taken by Mrs. Smith Howard Stebbins.

Lists of material desired for the work and notice of the increase in the per capita tax were sent to all chapters and many of them responded.

The per capita tax was paid by all of the chapters. Six boxes of wool and other materials and cash donations, in addition to the tax, amounting to $26, were reported by the chapters.

It was a disappointment to your chairman. as well as to the individual chapter chairmen, that the careless handling of the Ellis Island films in the past by the chapters caused those in charge of the films to decide that only state chairmen could use the films. Your chairman was unable to visit the various chapters, so as a consequence, the film was not shown.

Several chapter chairmen wrote of having had interesting programs on the work of Ellis Island.

Your State Chairman wishes to thank the chapter regents and Ellis Island chairmen for their co-operation.

MARY R. DeGRAVELLES.

GENEALOGICAL RECORDS.

Madam Vice-President General, Madam Regent, State Officers and Members of the Twenty-Ninth Annual State Conference, Louisiana Daughters of the American Revolution, I take pride and pleasure in presenting my report as State Chairman of Genealogical Records for the past year.

Serving for the first time in this capacity, I feel gratified by the response to my request for material. Nearly all chapters have had chairman, and I am particularly proud of our young chapters which have shown an enthusiasm most heartening.

Shreveport Chapter has thirty pages of newspaper clippings of Northern Louisiana History; Spirit of '76 Chapter, 24 pages of early Marriage Records and Bible Records; Pelican Chapter, 18 pages of Bible and Family Records; General William Carroll Chapter, 18 pages of Family and Bible Records, while last year they had a record of 49 pages and can well be proud of their two years' work; Baton Rouge Chapter submitted nine pages of Cemetery and Family Records; Galvez Chapter, eight pages of Cemetery Records; Bon Chasse Chapter, eight pages of Family and Bible Records; Moses Shelby Chapter, four pages of Family and Cemetery Records; New Iberia Chapter, two pages of Cemetery Records too late to be included in the book.

Illness, high water and other uncontrollable circumstances prevented completion of work in several other chapters. Next year, I hope, all chapters will have a chairman and will join in the plan which is being corritd through in other states; namely, a record to be prepared by each high school student of his parents' names, birthplaces and marriage dates, and the names, dates of births. marriages and other information concerning his grandparents. The tendency of present day families to move from one section of the country to another makes the keeping of records increasingly difficult, and this D A R program will mean much to future generations.

Five copies of type records have been bound; one book sent to Washington, one to Shreveport Library, one to Howard Library, one to Baton Rouge, and one will be kept among the Genealogical Records of the Louisiana State Museum Library where I hope to have a complete file.

ALICE L. DeCOLIGNY.

GIRL HOMEMAKERS.

Your State Chairman is most pleased to report that the "Girl Home-Makers" have accomplished most of the goals set for merit cards, honor lodges and pins.

Some of the smaller chapters have no chairman, others with their chairman have worked as a group of G. H. M., while others have worked through other well organized girl organizations.

Outstanding among the state chapters are: Shreveport Chapter, Pelican Chapter, Caddo Chapter and New Orleans Chapter. All these chapters have groups working with sewing classes and cooking classes in high schools. Shreveport Chapter has a well rounded program for girls of foreign parentage. Pelican Chapter has a group of 60 girls working with classes in Home Training and Domestic Science at Byrd High School.

Caddo has an organized group of girls co-operating with the Four-H Class in Bossier Parish. New Orleans Chapter has accomplished some very fine work. They work with and through the Girl Scouts of that city.

It is the desire of these chapters to have the work completed by the close of the present school term. Awards will be given in May to those who have the most credits.

GOOD CITIZENSHIP PILGRIMAGE.

As Chairman of the D A R Good Citizenship Pilgrimage, I beg to submit the following report:

All chapters were requested to take part in the Pilgrimage. Though several chapters were unable to take an active part, they devoted a portion of their program meetings to the subject.

Twelve chapters actively promoted Good Citizenship and the Pilgrimage in the high schools of their communities, namely: New Iberia—New Iberia, contacted one school; Galvez—Lafayette, contacted four schools; Calcasieu—Lake Charles, contacted one school; Baton Rouge—Baton Rouge, contacted five schools; Wade-Evans—Newellton, contacted one school; Loyalty—Alexandria, contacted one school; William Carroll—Oak Grove, contacted one school; Tallulah — Tallulah, contacted one school; Caddo—Shreveport, contacted one school; Shreveport—Shreveport, contacted three schools; Pelican—Shreveport, contacted three schools; Fort Miro—Monroe, contacted five schools.

A total of 25 Good Citizens were named. Of this number 21 were taken to Baton Rouge on March 6th, for our Louisiana Pilgrimage.

Our Louisiana Pilgrimage was very successful, and I believe should be continued. The girls were brought to Baton Rouge and their expenses paid by the members of the chapter which had sponsored their school. In the morning we made a thorough inspection of Louisiana State University, and every girl found at least one friend on the campus, and wants to go there to school next year. At noon we had luncheon, all the girls and 24 D A R members from over the state. Mr. T. H. Harris, State

Superintendent of Education, being unable to attend, was represented by Miss Clyde Mobley, State Supervisor of Home Economics, who spoke most interestingly on "Citizenship." Your Chairman explained some of the ideals of the D A R and the objects of the Pilgrimage, after which the medals were presented. The name of the student to go to Washington was drawn by lot, the winner being Miss Rosemary Genre, Port Allen High School, Port Allen.

After lunch we visited our Louisiana State Capitol building. Some of the stuednts and the sponsors stayed in Baton Rouge to hear Mrs. Eleanor Roosevelt speak.

All the students semed to both enjoy and find profit in the day's excursion. They were chosen on thier qualities of leadership, dependability, service and patriotism, which was well shown in their personality and behavior. I have no doubt that to many, the day was an undreamed of adventure to far lands. It was educational and pleasant. Lasting friendships were formed, and I believe they will carry to their homes the germs of Good Citizenship and service.

ELEANOR N. FAULK.

JUNIOR AMERICAN CITIZENS.

Each of the 25 chapters in the state were written to and a questionnaire sent them requesting information as to what their chapter had accomplished with their Junior American Citizens Committee this year. I regret that while nearly every chapter acknewledged the letters and the questionnaire sent them, but two had chairmen—Baton Rouge and Loyalty. No active work was undertaken in these chapters, though plans are under way in the Baton Rouge Chapter, with Mrs. Thomas Moody, the efficient chairman, to interest the student body of the Louisiana State University in organizing clubs of the Junior Citizens Committee.

Your State Chairman has been guest speaker on two occasions, over radio stations WJ B O (Baton Rouge) and K A L B (Alexandria). The Baton Rouge Chapter, D A R, sponsored one of the Vesper Programs at the Dramtic Arts Theater, L. S. U. This was a D A R program and your State Chairman spoke on Junior American Citizens. Notwithstanding the inclement weather the auditorium was well filled, and the entire program was broadcast. The Loyalty Chapter, of Alexandria, and Bayou Coteille Chapter, of Boyce, sponsored a radio broadcast on March 8th. At this program your State Chairman was again guest speaker, her topic being, Junior American Citizens.

Your State Chairman is certain that if the regents at this conference would return to their homes resolved to appoint a chairman for this most vital committee of the Daughters of the American Revolution, devote one of their monthly programs to this committee and really PUSH the work of organizing at least one club before next State Conference, they would become as deeply interested in the Junior American Citizens Committee as they are in the others sponsored by our State and National Society.

LOUISIANA TRACE COMMITTEE.

Last year by Resolution No. 4. this committee was created. Mesdames Baughman, Knott and Frederick, to get permission from the Louisiana Highway Commission to grant the State D A R the privilege of placing suitable markers along Highway No. 6. We beg to submit the following report of the work accomplished by the Louisiana Trace Committee:

Through the efficient and prompt research made by Mesdames Knott and Frederick, all of the research information was in hand by the 1st of December. On January 1st I went to Baton Rouge and called on Mr. L. P. Abernathy to show him our maps and outline of our plans. Mr. Abernathy was not in his office. His secretary was most gracious and promised to call his attention to my letter which I left with her for Mr. Abernathy. We soon received his reply, as follows: "I am referring this matter to Maintenance Engineer for consideration and attention."

February 15th I called at this office, but on account of high water conditions, I could not see the chairman; therefore, we move that this committee be continued, with the power to act in co-operation with Mr. J. Fair Hardin, our D A R State Historical Counsellor, in regard to marking Route No. 6.

—Mesdames J. HARRIS BAUGHMAN, W. M. KNOTT and A. A. FREDERICK.

Our State Regent is a member of this committee ex-officio.

MOTION PICTURES.

1. Each chapter in the state who had a chairman for this subscribed to the cards showing the best motion pictures of the month.

2. Local committees from the various organizations in the town or city were formed to select pictures beneficial to youth and guard against those harmful.

3. True historical films were encouraged.

4. Advanced information was given by one local theater manager and chairman of Better Films invited to inspect and criticize same.

5. One meeting was given over to motion pictures by most of the chapters throughout the state.

6. Study guides on outstanding pictures were placed in city and public libraries.

7. List of pictures shown in our D A R Magazine were discussed by the chapters. One of the chapters had general "Round-Table" discussions.

8. Shorts shown on the screen were encouraged, especially those of an educational nature.

9. We would like to see photoplay appreciation studied more in our schools, a few of the chapter chairmen have recommended this to their school leaders.

10. I feel we have only a beginning in this field of work called "Motion Pictures," and hope to accomplish more in the future.

Mrs. JOHN F. WILSON.

PRESS RELATIONS.

I have been very happy in serving as State Chairman of Press Relations.

In towns where there are D. A. R. chapters, the local newspapers very kindly published items on chapter activities.

As State Chairman, I furnished seven newspapers, for their Sunday editions, press releases sent to me from National Headquarters.

The Louisiana Perss has been most generous in allowing space for the use of the Daughters of the American Revolution. A scrap book was made of the clippings and displayed at State Conference.

REPORTS OF CHAPTER REGENTS

ABRAM MOREHOUSE CHAPTER—MER ROUGE.

Once again it is the pleasure of members of Abram Morehouse Chapter, D A R, through their Regent, to bring to the State Regent, Officers and visitors of the 29th Annual State Conference, greetings and reports of work done. The Chapter is small, but earnest and patriotic; it is most gratifying to note the increased interest in the work during the past year, due to the better understanding of its high ideals and purposes. Each member has been a student of the work.

The monthly meetings held in the homes of members are well attended and much enjoyed. We have emphasized the more important departments of the work by arranging a program on that subject, and familiarizing the members upon this topic.

The year book was carefully prepared and graciously dedicated to the Regent. The reports of Chapter Chairmen will be found in their places, not all of the state chairs were filled, owing to the small membership. All correspondence, both State and National, has been answered; all financial requirements have been met.

We have endeavored to keep the spirit of American greatness constantly in the hearts of our members; also, what the mind of the women of our land can plan and accomplish.

(Mrs. J. A.) MARY W. DAVENPORT.

MOSES SHELBY CHAPTER—LAKE PROVIDENCE.

The outstanding achievement of Moses Shelby Chapter, D. A. R., this year has been the placing of framed Flag Codes in the 80 school rooms in the parish, both white and colored, and in the Sunday schools, Town Hall, Post Office and Court House as well—95 in all. As we are a very small chapter, with only thirteen members, this would have been impossible had it not been for the co-operation of the American Legion and the American Legion Auxiliary. The chapter's share of the expense was about sixteen dollars.

Moses Shelby, Tallulah, General William Carroll and Wade-Evans Chapters by working together, sold ten dozen packages of Dormedary Gingerbread Mix, which gave $30 to Kenmore.

We sent $5 to the State Scholarship Fund, $1 to the Surrender Room, at Yorktown, and a box valued at $1.50 to Ellis Island. We contributed old gold for the Constitution Hall Memory Book.

The programs have been planned to acquaint the members with the committee activities of the Daughters of the American Revolution, as we are still rather new in the society. The Pledge of Allegiance and Salute to the Flag is always given, and the American's Creed repeated.

In December we were very happy to have Mrs. Lacey, our State Regent, and Mrs. Baughman, Vice-President General from Louisiana, as our guests. Their presence was a real inspiration.
